

Comprehensive Trauma Life Support Course

29th - 30th July 2023

Post Graduate Institute of
Medical Education & Research
Chandigarh

Organised by
**Society of Trauma
Anaesthesia and Critical Care**

Supported by
**International Trauma
Anaesthesia and Critical Care Society**

Comprehensive Trauma Life Support (CTLS) course is an authentic academic course in trauma preparedness and management being organized in India. This is a two day interactive course highlighting the clinical skills, decision making and protocol based learning of trauma management by means of actual case oriented management, evidence based discussion and practical training in skill stations.

The course will emphasize:

Preparedness: Importance of dedicated trauma team, its composition and training along with supporting staff

Assessment: Primary survey, simultaneous resuscitation and re-evaluation (de-briefing)

Management: Planning, investigations and definitive care

Adaptability: Changes to patient care as per evolving challenges during trauma care

Course Coordinator

Dr Kajal Jain
